nurse by choice

Referring a participant? Here's everything you check first.

Community nursing and nurse-led high-intensity support, delivered by a local team in Mitchell Shire. One email, a clear answer on capacity, and reports you can file.

What we deliver

- **Community nursing care (0114):** wound and pressure care, catheter changes, continence assessments and reports, PEG feeding
- **High-intensity daily personal activities (0104):** nurse-trained workers for PEG, catheter, bowel care and seizure support
- **Daily support (0107, 0120, 0125):** personal care, household tasks, community access

Send a referral

Send it by email. We only need what you'd send anyway:

- Participant name and contact, with consent
- NDIS number and how the plan is managed
- Line items and budget available
- What's needed, how often, and how urgent
- Cultural, language or gender preferences
- Your name and contact details

The five things you'll ask us

You'll ask	Our answer
Registration and funding	Unregistered NDIS provider. Self-managed and plan-managed participants, and private clients.
Service area	Wallan, Kilmore, Broadford, Seymour, Beveridge, Kalkallo, Mickleham and nearby. Within an hour's drive of Wallan.
Capacity and first visit	We tell you this week's capacity in our first reply, and book the first assessment within a week.
Clinical safety	Written care plans, RN-led training and sign-off for every high-intensity task, GP updates, full clinical records.
Reporting	A short written update after each review, sent to you with the participant's consent.

Rates. We charge in line with the NDIS price limits, confirmed in each participant's service agreement. Travel and cancellation: within an hour's drive of Wallan. Cancellations follow the NDIS rules and are set out in the service agreement.

Nurse By Choice is an unregistered NDIS provider. We work with self-managed and plan-managed participants, and with people paying privately. If the NDIA manages your plan, we can't bill it, but your support coordinator can talk to you about switching to plan management.
